*Here are several of the older bulls selling in this sale, pictured in mid-August. You will like their thickness, smoothness, good heads and ruggedness.*

## **SOME OF THE SEASON'S BEST BUYS WILL BE MADE IN THIS SALE**

J. N. and J. L. Johnson of Sidney, Iowa, for many years produced high quality Shorthorn cattle. They turned completely to registered Shorthorns in 1946. They were always careful to buy well bred, thick, deep bodied, heavy fleshed cattle and their selective efforts are now bearing fruit at a time when the herd must be disposed because of the advanced age of the father and senior partner, J. N. Johnson. At the 1952 Southwest Iowa Breeders Show and Sale at Red Oak, both the champion and reserve champion females were bred and sold by this firm.

Particularly attractive in this sale is the large group of strong aged bulls, a splendid set of junior yearling and summer yearling heifers, these younger cattle have all been nicely fitted and many of them are in show condition. There are 29 cows with big husky spring calves at foot, ready to wean.

The senior herd sire, Bonnydale Count 8th is one of the most uniform sires of bulls and females that will be found. He is sired by Count, a bull that Clem Larson of the American Shorthorn Breeders' Association purchased for Henry Rathouz, Callender, Iowa, after looking for several months for a top bull to head the Rathouz herd. The junior herd sire, Goldfinder Count is by MF Goldfinder, senior champion bull at every leading show in western Canada and United States in 1946, for Merryvale Farms and now owned by the Allen Cattle Co., Colorado Springs, Colorado.

These cattle have been developed and produced under ideal conditions and I urge everyone to inspect these cattle prior to sale day, at the farm located three miles north and one and a half miles east of Sidney, Iowa . . . you will get the surprise of your life when you see these good cattle. This could easily be the "bargain sale" of the entire fall season. It will be to your advantage to attend and I will hope to see you sale day.

**MERVIN F. AEGERTER, Sale Manager**

# SHORTHORN *Dispersion* SALE

## American Shorthorn Breeders' Ass'n. Guarantee

1. Proper care must be given by purchaser to protect qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later submitted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
